## Certificate of Analysis

Report Date	12 April 2019
Sample Ref	Potassium fulvic A
Report Ref	ATQC2019624
Receive sample date	10 April 2019
Sample No.	12Mar2019 03
Analytical systems	Company standard QC-20180004

All analysis items - Sample as received basis

Test Items	Standards	Test Results
Water soluble (dry basis)	$\geq 95.0$	95.5
Humic acid (dry basis)	$\geq 65.0$	66.1
Fulvic acid (dry basis)	$\geq 20.0$	20.2
K <sub>2</sub> O (dry basis)	$\geq 12.0$	13.4
Moisture	$\leq 15.0$	13.3
pH	8.0-10.0	9.8
(0.2-1.0) mm particle ratio	$\geq 95.0$	95.0
Conclusion: Qualified		

### Analysis status codes = DVN

Analysis UKAS accredited: U

Analysis not UKAS accredited: N

Analysis OECD GLP accredited: G

Analysis not OECD GLP accredited: V

Analysis by Dyacare Laboratories: D

Analysis sub-contracted to another laboratory: S

Samples are normally retained for a minimum of 2 weeks from report date, after which they may be disposed of.
